

## **Like An Eagle.**

v1 Thank you Father for all you have done  
You've given to me new life  
You sent your spirit to dwell in my heart  
The comforter has come.

Chorus Like an eagle I rise  
Like the morning sun, shine in my heart  
I walk in power and light  
Led by your spirit, your will to be done.

v2 No more worry, no fear, no regret  
No need to doubt, no need to fret  
I'm risen up and I'm seated in Christ  
He's coming back, I've got eternal life.

Chorus Like an eagle I rise  
Like the morning sun, shine in my heart  
I walk in power and light  
Led by your spirit, your will to be done.
