

I'll Walk With You.

v1 Lord I love you, your Word is pure and true
And I walk with you, no matter what I do
Through the high's and low's, I speak with you and I know
That you'll lead the way, to a better day.

Chorus I know that you walk with me and talk with me, my Lord
I know that you lead the way and show me where to go.

v2 Lord I love you, because you first loved me
Now I see through your eyes, I know you're by my side
Everywhere I go, I'm walking by your spirit you know
I'm proclaiming your Word, 'til every man has heard.

Chorus I know that you walk with me and talk with me, my Lord
I know that you lead the way and show me where to go

v3 To heal the sick and the blind, reaching out to mankind
Showing that you care, and that you're always there
You never leave or forsake, you always give, you never take,
You're the God of light, you lead us through the darkest night.

Chorus I know that you walk with me and talk with me, my Lord
I know that you lead the way and show me where to go
