

Someone Like You.

- v1 Well I used to be angry and sad
And my heart it was torn right in two
'Cos I needed, yes I needed someone like you
I believed you were raised from the dead
I received your spirit within
I'm completed, yes completed, completed in Him.
- v2 So I'm walking in power and love
With my affection set up above
And I'm living, yes I'm living in the power of God
So I'm running the race to win
'Cos my heart has been cleansed from all sin
And I'm walking, yes I'm walking, I'm walking with Him.
- v3 He's the Saviour of all of mankind
He's so faithful and loving and true
And He's loving, yes He's loving, He's loving you
His hand is always with me
To keep me from harm so I'm free
And He'll grant me, yes you grant me to walk faithfully.
- v4 Jesus Christ is coming for me
We will reign with Him through history
So get ready, yes get ready to live eternally
Jesus Christ is coming for me
We will reign with Him through history
So get ready, yes get ready to live eternally.
